Debarkation Information

FOR GUESTS WHO NEED ASSISTANCE WITH LUGGAGE.

Place any bags you are unable to carry off with you Sunday morning outside your cabin door between 8:00pm & 12:00am tonight (Saturday). Please make sure all bags left out for collection have your assigned 'Zone Number' tag attached to it.

Zone Number tags will be delivered to your cabin by your stateroom steward.

We will arrange for your luggage to be placed outside in the Terminal building for your collection Sunday morning.

From approximately 9:30am Sunday morning announcements will be made inviting you down to the gangway. You will be invited down according to your 'Zone Number'. Please retain the end stub for your Zone Number Tag.

Please note:

Only come down once your Zone Number has been called. If you leave the ship prior to your Zone being called, your luggage will not be in place and you will be escorted away from the area by US officials.

DO NOT TRY TO DISEMBARK BEFORE YOUR 'ZONE NUMBER' HAS BEEN CALLED

Please detach and retain the end portion of your Luggage Zone Number Tag.

You will need to hand this to the staff on the gangway as you disembark the vessel.

EARLY DEBARKATION OPTION - SELF ASSIST GUESTS

We offer the advantage of a Self Assist debarkation program.

This is designed for those guests that can comfortably carry ALL of their luggage off the ship by themselves.

Announcements will be made throughout the morning, starting from approximately 7:00am, inviting self assist guests, from random deck numbers, to the gangway.

Note: Self Assist guests and Zone numbers can be called anytime throughout the morning.

Self Assist only guarantees you being invited to the Gangway before your assigned Zone Number is called.

For your Safety:

For your safety and to avoid congestion please only come down once your deck number has been called.

The elevators will be busy so please be patient!

VERY IMPORTANT: The Atrium on Deck 3 will be a NON waiting and NON Smoking Area.

Guest with Flights

Guests who have a flight on Sunday before 3:00pm and need assistance with their luggage must stop by the Purser's Information Desk and present their airline ticket or flight itinerary. In turn be given special Zone Number tag which will have priority Customs clearance. If you do not switch over to the priority Zone Number tags before leaving your luggage outside your cabin you MUST wait until your Zone Number is called Sunday Morning!

Your Zone Number will be called as soon as your luggage is ready for collection in the terminal.

Please Note:

Those guests with very early flights might want to consider the Self Assist Program.

You CAN NOT purchase a Bus - Airport transfer if you have a flight before 2:30pm

There are still restrictions in place on the quantity of liquids and gels that you may take on board an aeroplane, be sure to pack them in your "checked" luggage to avoid their confiscation
