Puerto Vallarta, Mexico

Wednesday June 6th 2007

Arrival: 8:00am; Departure: 10:00pm (back on board 9:30pm)

Hotel Director: Judy Beck / Cruise Director: Jeff Brrronson!

Sunrise 6:20am / Sunset 7:39pm

Puerto Vallarta was discovered only a few centuries ago, in 1541, by Don Pedro Alvarado. In 1851, Guadalupe Sanchez
 and his family settled along the mouth of the Rio Cuale River to farm. In 1918, it was designated a municipality and
 received the name "Puerto Vallarta". It remained a quiet fishing village for the next 30 years. In the 1950's, they turned
 the city into a weekend resort for nearby Guadalajara. Puerto Vallarta also provides a wonderful backdrop for many
 movies such as "Night of the Iguana" and "Predator". The population is approx. 250,000.

Bottled Water Bottled water will be available for purchase on the gangway. Bottled water will also be available at the Pool Bar & Piazza Cafe.

Buying Liquor Ashore Any liquor or beer bought ashore will be collected at the gangway for safe keeping & returned to your cabin on Saturday.

Mopeds

These are very dangerous. We strongly recommend that you do NOT rent them. Thank you and stay safe!

CAUTION: There are many people offering you water taxi rides or independent boat tours from the pier in Cabo San Lucas. Carnival strongly recommends against using these independent boats and we caution that there has been at least one tragic accident involving such boats in the past. Also, guests are cautioned against going to or near beaches on the Pacific Ocean side of Cabo San Lucas as there can be dangerous rip currents and rogue waves which pose a serious danger to both persons in the water and pedestrians within 100' of the water.

GOING ASHORE - IMPORTANT

The Gangway will be on Deck A Midship. Make sure you take with you your Sail & Sign Card, Photo I.D., Shopping Map, and Carnival Caper paper.

This morning we will be using tender boats to take you from the ship to shore. The tenders run all day long and it's only a short 10 minute journey to the pier. We ask that you exercise caution when getting on and off the tender boats. Please accept the assistance of our team members.

Normally there is a long line of guests waiting to board the tenders between 9:00am and 10:00am. If you would like to avoid this possible wait due to the long line, it is advised you go ashore before 9:00am or after 10:00am.

EARLY MORNING TOURS: Please meet in your assigned lounge at the time stated on your ticket. We will then take you ashore. If you are on a tour after 7:30am that meets on the pier, please allow yourself 45minutes to get ashore.
